**LETTER OF COMPLIANCE
FOR
LETTER OF DEFICIENCY
No. WMD 01-27**

Attn: Al Perkins, IOTI Maintenance Manager

**RE: Irving Oil Company, Alton Bulk Plant, Alton, NH
EPA ID No. NHD510153935**

Dear Mr. Perkins:

On August 15, 2001, the Department of Environmental Services, Waste Management Division (DES) conducted an inspection of Irving Oil Company's Alton Bulk Plant (Irving). The purpose of the inspection was to determine Irving's compliance status relative to RSA Ch. 147-A and the New Hampshire Hazardous Waste Rules, Env-Wm 100-1000.

As a result of the inspection, Irving was issued Letter of Deficiency No. WMD 01-27. Based upon a review of: 1) a November 6, 2001 Acadia Environmental Technology letter submitted on behalf of Irving; and 2) a December 5, 2001 Irving Oil letter, DES has determined that your facility has corrected the deficiencies identified in Letter of Deficiency No. WMD 01-27.

Please be advised that DES will continue to monitor Irving's compliance status through record reviews and on-site inspections.

If you have any questions regarding this letter, please contact the lead inspector, Eric K. Abrams or John J. Duclos, Supervisor of the Hazardous Waste Compliance Section at (603) 271-2942. Thank you for your cooperation.

Sincerely,
